

- 1) How messy, if at all, did you find this visualization?
- 2) How crowded, if at all, did you find this visualization?
- 3) How distracting, if at all, did you find any elements in this visualization?
- 4) How easily could you find specific elements in this visualization?
- 5) How easily could you identify relevant information in this visualization?
- 6) How easily could you retrieve information from this visualization?
- 7) How visible did you find data features (for example, a minimum, or an outlier, or a trend) in this visualization?
- 8) How clearly could you see data features (for example, a minimum, or an outlier, or a trend) in this visualization?
- 9) How obvious was it for you to read this visualization?
- 10) How easily could you understand how the data is represented in this visualization?
- 11) How easily could you understand this visualization?
- 12) Summarize
- 13) Conclusion / final comments

Speaker 1: interviewer
